

A support action for national and regional authorities to advance their governance structures and strengthen dedicated support for cities to achieve the climate-neutral Cities Mission. CapaCITIES coordinates actions across climate neutral city initiatives in Europe in order to exploit synergies between them and align efforts towards the goals of the mission including city networks, the UAEU partnerships, the CoR and others

## Partners Map

**15 core countries:** RO, AT, SE, IT, CZ, EL, HU, NL, SK, ES, PT, TR, PL, FR, FI  
**6 Supporting countries:** BE, BG, EE, DE, SI, UA

## Vision

CapaCITIES will shape a European environment conducive to urban climate neutrality transitions for national, regional and local authorities. It will initiate and strengthen national change processes to establish national networks and governance structures and provide dedicated support for public authorities to put enabling conditions and measures for cities in place to

## Main activities

- A Transnational Alliance
- Capacity building sessions
- Learning materials
- Webinars and one-on-one

### Task 5.3: Transnational Ambassadors Network

Ambassadors will help bring the need for urban transitions (at) to the public debate, disseminate information and good practices among cities and different parts of society, and encourage participation in such

## CapaCITIES

supports, connects, empowers and inspires national authorities, national ministries, funding agencies and agencies responsible for urban transitions in their efforts to implement the Cities Mission nationally.
